OBJECTIVE

Aspiring Web Developer seeking to leverage my knowledge in Information Technology and coding skills to contribute to innovative projects. Aiming to gain hands-on experience and grow within a dynamic tech environment.

SKILLS

- ❖ **Programming Languages:** Java, Python Core
- ❖ **Web Technologies:** HTML, CSS, JavaScript
- ❖ **Frameworks & Libraries:** Tailwind CSS, React.js, Node.js Basics, Express.js Basics, MongoDB Basics
- ❖ **Tools & Platforms:** Git, Postman, Thunder Client, Visual Studio Code, PyCharm, Google Collab

EDUCATION

- ❖ Bachelor of Engineering - Information Technology | Madhuben and Bhanubhai Patel Institute of Technology, Gujarat *CGPA: 7.59 | May '24*
- ❖ Higher Secondary (XII GSEB) | Laksh School of Science Khambhat, Gujarat *Percentage: 70.61% | 2021*

EXPERIENCE

- ❖ **Summer Intern | Tech Elecon Pvt. Ltd., Anand, Gujarat** *May' 16*

During my summer internship at Tech Elecon Pvt. Ltd., I was selected as the group leader of a team consisting of six members, including myself. My role involved:

Responsibilities:

- Analyzed the performance of team members.
- Assisted team members in solving programming issues.
- Managed daily attendance reports.

ACADEMIC PROJECTS

- ❖ **Sundown Studio Clone:** [\[Project Link\]](#)
Developed a clone of the Sundown Studio website using HTML, CSS, and JavaScript, focusing on creating a modern, responsive design with interactive features. Successfully replicated the original site's aesthetics and functionality, showcasing proficiency in front-end development and contemporary web design techniques.
- ❖ **Quizify:** [\[Project Link\]](#)
Collaborated on a group project to develop Quizify, a platform designed to streamline quiz taking in our college. I contributed significantly to the frontend development using React.js, creating an intuitive and user-friendly interface. Working alongside a team utilizing Django for the backend, we ensured seamless integration and functionality across the application.
